

# HOW TO MEASURE FOR DELIVERY

We want to make sure your new furniture arrives smoothly! This guide has helpful tips on measurements and any obstacles to check before your purchase and delivery.

## Be Ready for a Smooth Delivery:

Your time is valuable, and we want to ensure everything is set for your new furniture's arrival. A little preparation goes a long way!

- ✓ Can our delivery truck easily access your road and driveway?
- ✓ Is your home ready to receive your new furniture?
- ✓ Do your hallways provide enough space for our team to maneuver?
- ✓ Will your stairway allow for a smooth move?
- ✓ Can the furniture fit through all doorways?

Checking these details ahead of time helps us deliver your furniture quickly and hassle-free!

1. doorway height
2. doorway width & clearance to opposite wall
3. Staircase width
4. Low-hanging light fixtures
5. Interior doorway height
6. Interior doorway width & clearance to opposite wall
7. If you have a Staircase corner width\* & clearance to opposite wall upstairs make sure you have dimensions for that as well.

For apartment buildings or homes with elevators, it is important to measure the elevator interior height, elevator opening and opposite wall distance.

8.
